

# Sauna Manual and Handover Document Pack

branded CSauna pack turns installation manuals, heater manuals, maintenance notes, wood material briefs, and after-sales references into practical public handover document for B2B sauna buyers.

Designed for importers, distributors, dealers, builders, hotels, spas, resorts, wellness operators, and private-label sauna brands preparing a proposal RFQ or project handover.

## Source Types

Installation, heater, control, wood, care, maintenance, safety

## 12 Public Guides

CSauna web resources connected to RFQ workflow

## CSauna

Shou Jixiao Home Technology Co., Ltd.

## [bennett@csauna.com](mailto:bennett@csauna.com)

Factory RFQ and document questions

**Important boundary:** This pack is a buyer planning resource. It does not replace the final model-specific manual, licensed installer/electrician advice, local electrical/fire/building code, or the formal CSauna quotation.

## Reviewed Source Material Themes

Source theme	Signals extracted	CSauna public use
Euro Outdoor Series Owner's Manual	receiving shipment and crate inspection, base, wall panel, top plate and roof sequence, interior, heater, wiring, rocks and troubleshooting handover	Outdoor sauna installation handover and project acceptance checklist.
Solace / room assembly owner manual	precautions before use, room assembly and room operation, troubleshooting and maintenance records	Installer-to-owner handover logic and first-use record.
Harvia BC / PC / HL heater manuals	heater stones, stone maintenance and first heating ventilation, sauna room ventilation, hygiene and heater output planning, control unit, sensor, overheat protector and electrician handover	RFQ planning questions for heater selection, controls and local electrical responsibility.
Harvia Xenio / control panel manual	control unit and sensor responsibilities, dry-location control placement, owner/electrician handover after installation	Control, sensor and documentation checklist for commercial/project RFQs.
Wood-burning stove instructions	combustion appliance safety distance planning, local fire/chimney code responsibility, stove use and maintenance handover	Buyer responsibility note for wood-burning sauna projects.
Sauna maintenance guide	do not paint, varnish or stain hot-room interior wood, routine cleaning, ventilation and bench care, record stains, water exposure and service issues	Owner-care checklist and after-sales evidence workflow.
Nordic white spruce material brief	light-color sauna interior positioning, tongue-and-groove panel appearance, small-knot visual quality and material-grade expectations	Wood material selection and sample approval checklist.
After-sales and warranty reference	installation according to instructions, reasonable maintenance and misuse exclusions, claim evidence and dealer/service-center workflow	Warranty evidence and service-ticket preparation.

## How Buyers Should Use This Pack

- Before RFQ: define model, market, quantity, heater path, voltage, wood, packaging, and certificate questions.
- Before shipment: confirm packing list, carton labels, manuals, spare parts, and inspection photos.
- At receiving: record crate photos, delivery damage, package count, labels, and missing parts.
- At installation: save base, roof, glass, heater guard, vent, control/sensor, and final acceptance photos.
- After opening: keep maintenance logs, cleaning records, heater stone notes, warranty evidence, and service tickets.
